

SPEEDPLAY

advanced pedal system

NANO

ZERO

COMP

AERO

DOUBLE SIDED ENTRY

Dual-sided entry and innovative locking mechanism create the most secure and stable platform available so you can crank with confidence.

EXCELLENT CORNERING CLEARANCE

Pedal through corners with confidence, maintain speed, and leave the field behind.

FREEDOM OF MOVEMENT

The only pedal system to provide independent fore-aft, left-right, and float adjustability to optimize fit and enhance performance through better biomechanics.

EASY TO MAINTAIN

All Speedplay pedals have sealed bearings, and increased durability with reinforced contact points. You now spend less time maintaining your pedals, and more time riding.

ENHANCED WALKABILITY

A slim profile cleat with a rubberized cover provides a better base and more confidence when walking.

CUSTOMIZE YOUR CLEAT

Select either the Standard or Easy Tension cleat to deliver a customized clip-in and clip-out experience. Both cleats are compatible across all pedals.
